DISCUSSION QUESTIONS

SESSION 1

1. Think about your time as part of the FPC body of Christ. Consider what Sunday Schools, small groups, or special equipping classes you have joined. How much have you found yourself living out what you have learned? To what degree has your life changed? Why do you think that is?
2. What does “discipleship” mean to you? To what extent have you been discipled in your time at FPC thus far? Have you discipled others?
3. What did you hear (in this video, or at Mo Ranch if you were there) that sparked an interest or desire for deeper discipleship in your own life, or to see FPC living this out as a church family?
4. How do you respond to the idea of being a missionary equipped and sent to “your world” (where you live, work, and play) to follow Jesus and invite others to “come and see”? What are the main obstacles in your way? Time? Training? Temperament? Confidence? Fear?
5. What sacrifices would you have to make in order to answer the call to become disciples who make disciples?
